

## Case Study: SBG Services Ltd

**Part of SGB Group owned by US based Harsco Corporation, world's leading suppliers of access & formwork products & services. International network of rental outlets providing design, engineering & installation support. Products used extensively in building & construction industries in over 50 countries & some of the world's largest industrial complexes.**

Operating subsidiaries in 16 countries. Portfolio has 63 operational properties; 28 tenants in non-operational properties including some advertising hoardings. Properties a mixture of leasehold and freehold.

SGB has been a Qube customer since October 2004 and is a 4 user system. SGB is a good example of a tenant / occupier utilising the system to manage the use of property effectively.

"We are delighted with the software. It has delivered all the objectives which we set for the upgrade of our Property Management systems. It has also proved to be very user friendly."

Mark Lambert, Group Property Manager  
SGB Services Ltd.
